New Name in Polish Rail Freight Transport

ITL Polska to trade in future as Captrain Polska

Wroclaw, 08.10.2014

Rail freight enterprise ITL Polska Sp. z o. o., part of the Captrain Group and headquartered in Wroclaw, is to change its name in October 2014, and in future will operate in the Polish market under the trade name Captrain Polska Sp. z o. o. With this step, its affiliation with the Captrain Group will now also be reflected in its name.

The future Captrain Polska was founded in 2006 as subsidiary of the ITL Eisenbahngesellschaft mbH (ITL) and has been providing rail freight services in Poland and cross-border transport since 2009. In 2011 the ITL organisation was integrated into the Captrain Group.

The change of name will have no impact on organisation, customers or jobs. The company business will continue to be managed by Paweł Szczapiński, who was appointed CEO in April 2013.

Captrain Deutschland GmbH, an SNCF Geodis Group enterprise, is an innovative service provider of rail-based transport solutions that develops custom-fit logistic concepts. Captrain Deutschland links high-performance locomotives, the latest rolling stock technology, train, shunting and infrastructure services, plus on-site on/off-loading, to create tailor-made rail transport systems – locally, regionally and Europe-wide. The company employs 1,040 staff, and in 2013 achieved a turnover of 243 million euros.
